Group PM / Lead Auditor

# What are the market demands?

## Video to survey

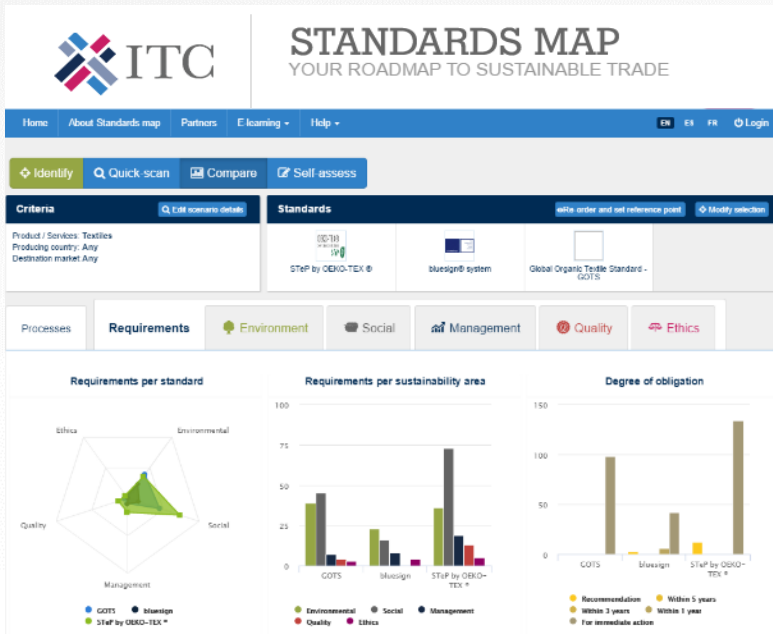

# Solution - STeP by OEKO-TEX®

## Certification of production facilities

- STeP stands for **Sustainable Textile Production**
- A certification system that includes all aspects of sustainability in one
- It provides solutions for continuous improvements and better understanding of processes in the textile production chain.

# Arguments for STeP by OEKO-TEX®

## International Trade Center

joint mandate from the World Trade Organization (WTO) and the United Nations (UN)
